

I urge the FCC not to weaken the Do Not Call law in New Jersey. Receiving telemarketing phone calls at home is a family intrusion and an annoyance, and the FCC should prevent any weakening of the law.

The fact that about two thirds of phone lines in New Jersey have requested to be on the Do Not Call list is a strong indication that most residents of this state feel as I and my wife do. I urge the FCC to keep that in mind and respect the privacy of New Jersey residents.

Thank you,
